

# Teacher Workshop

## Kindergarten/First Grade

National Park Service  
U.S. Department of the Interior

Shenandoah National Park  
Education Division

### Workshop Description

Shenandoah National Park's Education Office will conduct its annual Kindergarten/First Grade Teacher Workshop on Friday, April 27, 2007. Teachers must attend a workshop in order to utilize the park's kindergarten and first grade curriculum. This workshop will provide the training needed to lead a successful field trip in Shenandoah National Park. Participants will be introduced to the kindergarten and first grade programs and will receive instruction on pre/post visit lessons, on-site activities, field trip logistics, and hands-on outdoor teaching techniques. The workshop is offered free of charge, and all materials are provided. Workshop participants may earn recertification credit.

### Program Description

The kindergarten and first grade programs are self-guided lessons and activities which explore the Big Meadows area of Shenandoah National Park and align with Virginia Standards of Learning (SOLs).

The kindergarten program, *Come to Your Senses*, teaches students to explore the park using their 5 senses and supports science SOLs K.2 and K.10.

The first grade program, *Shenandoah Residents*, introduces students to plants and animals that live in the park and supports science SOLs 1.4, 1.5, and 1.8.

### Registration

To register, or for more information, contact Shenandoah National Park's Education Office at 540-999-3489. Space in the workshop is limited.
